RE: Transfer of Control
WSJR (AM), Madawaska, ME and
WLVC (AM), Fort Kent, ME
MELVOC, Inc., Transferor

891122

FCC
FEE SECTION

Dear Mr. Abers:

Attached are applications for Transfer of Control, FCC form 315, requesting transfer of the licenses for the above referenced AM stations. Transferor MELVOC, Inc. is selling the entirety of its interest in both of these two stations to a proposed new owner, namely Lamoille Broadcasting and Communications General Partnership (LBC). For the purpose of the two simultaneously filed FCC forms 315, LBC responded to Section 2, question 5(c) with the answer "No" despite its application for two stations at this time since it had consummated a transfer of ownership in neither licence as of when it completed the FCC forms 315. LBC has no other cognizable ownership interests at this time.

The proposed licence transfers raise an urgent issue with which we would like your assistance. WSJR and WLVC are located in extremely rural areas of northern Maine. Each station is the only broadcast facility serving its respective community. Both stations are currently dark. The transferee, LBC intends to promptly activate both stations as soon as it receives Commission authorization to do so. These stations serve an extremely important public service to their community during the winter months. They are relied upon by a majority of the local residence for information on road closing, school, municipal and similar organizational openings and closings and other weather related warnings. These public service announcements are a major focus of the proposed format of the transferee. Because the winter weather season is already beginning in this area of the country, it is important that these stations be reactivated as quickly as possible.

The absence of any local broadcast service for the residence of Madawaska and Fort Kent, Maine is an emergency situation. The applicants request your assistance with the expeditious processing of their application and immediate notification when

an authorization is granted. Alternatively, Transferee requests permission, pursuant to 47 CFR Section 73.3542, Application for emergency authorization, to activate the instance facilities while the transfer applications are pending. Such emergency operation would be on a temporary basis, subject to termination immediately if the requests for transfer of control of the underlying licenses are denied. Both facility would be operated using their existing technical facilities without modification and in compliance with their existing licence parameters.

We will do everything you request to expedite a permanent or emergency authorization. Please contact the undersigned by telephone if you need supplemental information of any kind to complete processing of our application or to support our emergency request.

Thank you for your expedited consideration.

Very truly yours,

LAMOILLE BROADCASTING AND COMMUNI-
CATIONS GENERAL PARTNERSHIP

WSJR/WLVC
PROGRAM POLICIES

Objective - to attract the largest listening audience possible in Madawaska and Fort Kent, Maine, Edmundston and Clair, New Brunswick and the surrounding area.

To achieve this goal, the foundation of our programming will be local news, sports, weather and information about the activities and people of the region. During morning drive-time hours, we will schedule several world and national newscasts, regional and local reports, weather forecasts and sports scoreboards. The regional news reports will consist of news about the state of Maine and the province of New Brunswick. The local reports will include news about local governmental bodies in Madawaska, Fort Kent, Frenchville, Edmundston, Clair and the other communities along the St. John River in the listening area of the two stations. The sports scoreboards will include high school sports from the various communities in the area as well as professional and college scores from New England and Eastern Canada. Drive-time news and sports reports will be broadcast just prior to and just after shift changes at the major manufacturing plants in the area with particular attention paid to the paper company in Madawaska, Edmundston. Reports will also coincide with shift changes at other times of the day to provide timely information to workers just leaving work or on their way into work.

In addition to traditional news, weather and sports programs during the drive-time hours, WSJR & WLVC will broadcast a variety of other programs of broad interest. We plan to institute a program to be called the "Trading Post". This program will allow listeners to buy and sell, at no charge, goods from one another using our broadcast facilities as a "meeting place". It is a program concept that has been highly popular for radio stations for years.

WSJR and WLVC will broadcast birthday and anniversary announcements each morning and their will be a "Pet Parade" to assist listeners in locating lost animals. We will attempt to report on street and road repair projects during the construction season to assist drivers in avoiding delays on the roads in the area when projects are underway. We will report on school lunch menus and school sports and activities that are upcoming.

During winter storms, WSJR and WLVC will broadcast school closing reports and cancellations. We will also report flood watches and warnings when that becomes a problem.

One of our longer term goals is to broadcast play-by-play sports involving the high schools in the area.

Regional business and agricultural news reports will be featured on both stations.

EXHIBIT VI, page 2

program policies continued.....

WSJR and WLVC will broadcast election night reports on national elections, statewide and provincial elections and local elections in the listening area of the stations.

Time will be available for interviews and panel discussions about topics of concern to the areas served by the stations.

MUSIC

Objective - To attract the largest audience possible in our listening area.

Our music selection will include songs from the Billboard and Cashbox magazine "Adult Contemporary" charts. The music rotation will consist of 50% current hit songs, 25% current, country-crossover hit songs and 25% adult contemporary and country crossover hit songs from the 1950's, 60's, 70's & 80's. During music programming periods, talk, or DJ "chatter" will be kept to a minimum while continuing to provide information that is necessary throughout the broadcast day. (news headlines, time, temperature and weather forecasts, etc.)

NOTE: It is our intention to broadcast primarily locally originated programming. We will not be using the services of a music network. It is possible that we may eventually choose to broadcast world and national news from a network. It is also possible that certain, special or feature music programs that are produced elsewhere may be included in the programming. However, the vast majority of the programming will originate in our studios in Madawaska to maintain the local flavor.

REMOTES

WSJR and WLVC will broadcast live from selected events throughout the year in the communities served by the stations. These remote broadcasts will involve commercial, store remotes and broadcasts from the community-wide events and activities.
